

HOW GIRLS MAY AVOID PERIODIC PAINS

The Experience of Two Girls Here Related For The Benefit of Others.

Rochester, N. Y.—"I have a daughter 13 years old who has always been very healthy until recently when she complained of dizziness and cramps every month, so bad that I would have to keep her home from school and put her to bed to get relief.

"After giving her only two bottles of Lydia E. Pinkham's Vegetable Compound she is now enjoying the best of health. I cannot praise your Compound too highly. I want every good mother to read what your medicine has done for my child."—Mrs. RICHARD N. DUNHAM, 311 Exchange St., Rochester, N. Y.

Stoutsville, Ohio.—"I suffered from headaches, backache and was very irregular. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and before I had taken the whole of two bottles I found relief. I am only sixteen years old, but I have better health than for two or three years.

I cannot express my thanks for what Lydia E. Pinkham's Vegetable Compound has done for me. I had taken other medicines but did not find relief."—Miss CORA B. FOSNAUGH, Stoutsville, Ohio, R.F.D., No. 1.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for their daughters have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Got the Wrong Hunch

The quotation of 7 cents the pound for pecans was not the retail price as many thought after reading last week's Courier. This is the price that was being paid by the buyers who secured them in big lots. The retailers did not sell them for less than 10 cents, the low water mark for pecans this year, although some better quality, larger thin-shelled nuts can be had at that price now than at the same price earlier in the season.

Fifty Years Married

Mr. and Mrs. Thomas Utley finished the golden cycle of fifty years of married life at their home in Miami November 13. They entertained a few guests at dinner and the gifts were appropriate to the occasion. They were married in Madison county, Ill., near Edwardsville, in 1862.

Miss Bessie Crawley, of Kansas City, was here Sunday visiting her father, J. C. Crawley, and Mrs. Lucy White.

AGED PEOPLE

cannot properly masticate solid foods and digestion is often upset—they do not receive the needed nourishment to make strength and preserve health, but if aged people everywhere could only realize the strength-sustaining nourishment in Scott's Emulsion they would take it after every meal.

It possesses the nourishing elements of cod liver oil, the vital powers of the hypophosphates of lime and soda and the curative qualities of glycerine, all so perfectly combined that nature immediately appropriates them to create strength—nourish the organs and build the body. It relieves rheumatism and ailments due to declining years. It adds to the span of life. Refuse substitutes for SCOTT'S.

KEEPING MILK YIELD

What to Feed Cows During the Winter.

Now is the time to commence feeding the milk cows. It is true the grass is still green but it has not much feeding value. A cattle feeder does not think for a moment of finishing off a bunch of steers on this fall grass. Why should a dairyman expect the cows to maintain their milk yield on it?

Butter is scarce. The price is high and is going higher. It will pay to produce more butterfat, but it cannot be done by feeding the cows fall grass, corn stalks and timothy hay. It is also a mistake to neglect the cows for a few weeks, intending to make amends by liberal feeding when winter comes. It is important that the milk yield never be allowed to decline. It is almost impossible to bring a cow back to her normal flow after it has been permitted to decline.

It is important that fall feeding be commenced now before the milk flow is cut down by short grass and scant feed. Those who are fortunate enough to own a silo should give each cow about 25 pounds of silage a day. Every cow should have all the clover or cowpea hay she will clean up. This will amount to about 10 lbs. a day if the silage is fed. If silage is not fed more hay should be given. It is well to remember that cowpea hay is one of the cheapest of dairy feeds.

Cows giving over a gallon of milk a day should be fed grain. A good grain mixture is corn chop mixed with bran or cottonseed meal. Corn and cob meal may be substituted for the chop. A pound of this mixture should be given each day for every 3 pounds of milk produced.

The best of cows will not produce milk unless fed liberally on the right kind of feed.

Brunswick Brevities

A. C. Croff spent Sunday in DeWitt visiting friends.

A. S. McCordle a prominent druggist of Carrollton spent Sunday in Brunswick.

J. B. Robertson was in Keytesville the first of the week visiting homefolks.

Our show people left Sunday after a two weeks stay here. They made many friends and gave our people some good shows.

W. O. Dysart of Slater, Mo. has recently bought the Avery drug store at that place. Mr. Dysart has many friends in Brunswick.

Wm. Nichols an old resident of this place was buried Monday. His remains were laid in the Elliott Grove cemetery.

Mr. and Mrs. C. B. Wallace have settled down to live with Mr. Clark Fordham and family in their pleasant home on East Broadway.

Scotts restaurant will close Friday. This is an old stand and was established in 1873. It is not closing in account of patronage but a suitable restaurant man cannot be secured to run it.

Gene Martin will move his barber shop and bath parlors in the rooms recently occupied by Scotts restaurant.

We are informed that McCuan's meat market is to be moved to the building vacated by Gene Martin and that Robinson hardware will occupy a store room in opera block, while a large improvement and auto agency will take up its abode in the Lealer hardware building.

The Cashman Bros. elevator is again busy after a severe scorching and a narrow escape from total destruction recently. Our fire boys saved it by quick and effective action.

GREAT MEETING

Five Thousand Men in Bible Class Parade

The 47th Annual Convention Missouri State Sunday School Association was held in Kansas City Nov. 19-20-21. On the first evening of the convention there was a Bible class parade of 5,000 men. The parade formed in 9th and Harrison at the Central Presbyterian Church and the Calvary Baptist Church and marched through the business section of Kansas City to Convention Hall where they listened to addresses delivered by Dr. Chesteen Smith and Marion Lawrence, the world's greatest Sunday School men. This was a men's mass meeting and 15,000 attended. The parade was led by mounted policemen and Hiner's band. The main division of the line was by denominations and the sub-divisions by schools. There was a great display of banners and transparencies. This matchless army of men marched to the tunes of conquest strains and joined in singing the martial hymns of the church.

Hundreds of people attended this convention. Special trains were run from Springfield, Tarkio, Joplin and Cass county. Several counties had special cars to accommodate their delegates. A rate of 2c per mile each way was made on all roads.

Cleaner Politics

Just how easy the log rolling old-line politicians are getting to be is shown by the defeat of the veteran Uncle Joe Cannon of Illinois. O'Hair, who beat him, has filed affidavit that he did not spend a cent during the election. This marks the coming of a better era. Almost as clean, as the campaign of Mercer the Iowa Socialist, who spent two cents in his race, this being for a stamp to notify the secretary of state that he was a candidate.

Mrs. Tom Knight and Mrs. Ila McCoy, with a party of friends from Brunswick were in this Saturday in their touring car. They spent an hour or two here before returning to their home.

Ben Agee returned Saturday from a visit at the Goll home near this city. He was in Brunswick Friday night to attend a show.

Lady Baltimore Cake

The Most Popular Cake This Season
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This is considered by many cooking authorities the finest cake that can be made, though in reality it is not at all difficult.

K C Lady Baltimore Cake
One cup butter; 2 cups granulated sugar; 1 cup milk; 1 teaspoonful rose water; 3 1/2 cups flour; 3 level teaspoonfuls K C Baking Powder; whites of 6 eggs, beaten dry.

Cream the butter and beat in the sugar gradually. Sift together, three times, the flour and baking powder, and add to the butter and sugar, alternately with the milk and rose water. Lastly, add the egg whites. Bake in three-layer cake pans. Put the layers together with the following frosting.

NOTE—The cake is a large one and sets at Women's Exchanges for \$1.50.

Frosting for Lady Baltimore Cake
Three cups granulated sugar; 1 cup boiling water; whites of 3 eggs; 1 cup chopped walnuts; 1 cup chopped nut-meats; 5 figs cut in thin slices.

Stir the sugar and water until the sugar is dissolved, then let boil without stirring until the syrup from a spoon will spin a long thread; pour upon the whites of the eggs, beaten dry, beating constantly meanwhile. Continue the beating until the frosting is cold; add the fruit and spread upon the cake.

The K C Cook's Book contains ninety just such delicious recipes—bread, muffins, cakes and pastry. You can secure a copy free by sending the certificate packed in every 25-cent can of K C Baking Powder to the JACOBUS MFG. CO., Chicago. Small cans do not contain Cook's Book certificates.

Good Producer of Pecans

William Jones, of near Arrow Rock, marketed one day at Fayette, 16 lbs. of pecans that came from one tree. The pecans brought 15 cents per pound. The tree from which they were picked, produced \$24.

Ben McCrum left Saturday afternoon for a visit to his home Decatur. It has been nearly two months since Mac visited good old Illinois.

The above is the New Dormitory being erected by the Chillicothe Business College of Chillicothe, Mo., which institution already occupies four large buildings and which has for some time enjoyed the distinction of occupying the largest plant in America devoted exclusively to business education. Its unusually large attendance this year made the above building a necessity. Many young men enter late in the fall when the heavy work upon the farms is finished and the management is thus endeavoring to get the new building ready for occupancy by December 1st, so as to accommodate these students. The new dormitory will contain twenty-four living rooms and will be strictly modern, supplied with furnace heat, bath, hot and cold water on each floor, in fact, all modern conveniences. All the furnishings will be new so the rooms will be among the most desirable to be found anywhere. This will make a splendid addition to the buildings owned by this large and popular college and is the best evidence which can be offered that the institution is growing rapidly.

Jinx On Tobacco

Some of the Fayette boys are repining the day that Sir Walter Raleigh took with him a bundle of fragrant weeds from this country to Merrie England. Every since the famous Englishman was overcome with the blandness and glamour of his pipesmoke, others have been doing it. Now comes the Christian Endeavor Society of the Christian church at Fayette, and through the mouths of nearly a dozen lady members of the organization, denounces the use of tobacco. From henceforth these young ladies will refuse to permit any young man in their company to smoke in their presence. The result is that the boys there are getting adept at sidetracking the evidence of the weed when their fair ones approach.

Here's Hoping

Speaking of the aspirants for the postoffice at Fayette, the Howard County Advertiser says of one candidate,

"Mr. Burckhardt's pants are in the ring."

Mr. Burckhardt is a newspaper man and, for the sake of the profession, it is to be hoped if the ring is in public view, that either Mr. Burckhardt is in the trousers or a barrel.

Golden-Wedding

In Linneus, November 10, Mr. and Mrs. E. C. Abell celebrated their fiftieth wedding anniversary. They were married at Brunswick, Mo. November 10, 1862, the bride being Miss Fannie J. Flood. They moved to Linneus thirty-nine years ago and have made that town their home since.
